

## Anticipating Growth at Moody Aviation

In anticipation of increasing demand for missionary pilots and mechanics overseas over the next decade, Moody Aviation has prayerfully made arrangements to expand our fleet. With the help of generous donors, Moody has added a second tailwheel airplane and a turbocharged airplane to support advanced training, as well as one more Skyhawk for initial training. Praise the Lord that the incoming class this Fall is larger than previous classes and pray that God continues to call people to fill needs in support of Bible translation and other missions.

We're always excited to see our graduates head overseas, but sometimes they leave a gap. One of our graduates stuck around for two years to work in production maintenance with us and build experience. He has now left to join another missions agency and head overseas. Pray that God will provide at least one more mechanic to fill out our team.

### Family

Deborah has recently had the opportunity to learn to play soccer with a homeschool group. In addition to the basic skills of kicking a ball, we're trying to teach her basic teamwork concepts. Pray that she would learn valuable teamwork skills that carry over to the rest of life.

Deborah's most recent appointments confirmed that she was experiencing side effects from her previous medicines. However, now she's experiencing different side effects from her new anti-seizure medicine. Pray for wisdom for doctors.

We joined Wycliffe Bible Translators to help ensure that everyone has access to the Bible in a language they understand best. In spite of life changes, we're still committed to that purpose.

For the Bibleless,  
*Steve and Rebecca*
