

Praises

- Access to modern medicine
- Large graduating class

Prayer Requests

- Wisdom for doctors
- Endurance for Rebecca with cancer treatments

Fear not, for I am with you;
be not dismayed, for I am your God;

I will strengthen you, I will help you,

I will uphold you with my righteous right hand.

Isaiah 41:10

Summer Flying

Good weather means lots of flight training. It's an exciting time of year watching the third year class complete their first solo flights while preparing for the fifth year class to graduate in June. Assuming everyone finishes as planned, we'll have 17 graduates this month. Pray for their smooth transition to missions.

Of course, lots of flying means lots of inspections. Unlike most schools that take a long summer break, summer is our busiest season for maintaining aircraft. Our maintenance team currently includes two members who grew up in Indonesia, but both of them will be moving on at the end of June. Pray for their smooth transitions and pray that we'll be able to keep up with maintenance requirements this summer with a smaller team.

Family

Deborah has thankfully continued without seizures. I took her out to Seattle recently for a sleep study and we'll be back out later this summer for a routine neurologist appointment. Pray that the current medicines and treatment continue to work well. In the meantime she's enjoyed riding bikes with friends and looks forward to backpacking this summer.

Rebecca recently had a surgery to remove a precancerous lump from her breasts, but biopsy showed that it was actually cancerous and that they didn't get it all. Praise God that it was caught early. Next steps are one more surgery and then radiation. Pray for successful treatment and full recovery.

We joined Wycliffe Bible Translators to help ensure that everyone has access to the Bible in a language they understand best. In spite of life changes, we're still committed to that purpose.

For the Bibleless,

Steve and Rebecca
